

**London Regional Meeting
1st March 2023**

Claudio Mendes and Margot Kalmus

The London members discussed challenges and successes related to their IPT practice within the different work settings and services they work from such as IPT provision, referral numbers and pathways, case complexity, training cases and training needs.

The members discussed access to further CPD days and events and previous CPD days such as IPT and cultural adaptations.

The second part of the meeting was spent on the discussion of IPT for Grief based on the paper "Grief and bereavement: what psychiatrists need to know SPECIAL ARTICLE SIDNEY ZISOOK, KATHERINE SHEAR".

The members agreed to research more recent papers or articles on the subject to discuss at the next meeting.

IPT for disputes was also suggested as a topic for discussion for future meetings.
